

# Alusthetic

## Accessories Range

**Grating Lifting Keys**

Designed to simply & quickly lift the grating from your system, for routine maintenance.

**Debris Trap**

Maintain the effectiveness of your drainage system with this handy accessory. Simply place inside your channel drain to capture debris and other organic waste and prevent it entering your drains

Side 50mm  
Pipe Elbow

Side 50-110mm  
pipe adaptor

Bottom 80-110mm  
Pipe Adaptor

**Coupling Adaptors**

Adaptor couplings (sometimes referred to as reducer couplings) allows for the quick & easy connection of pipes of different outside diameters/materials. We offer a range of adaptors from our drains to connect to standard 110mm underground pipe.

**Gully Drain**

Functional & aesthetic With grating options of black or silver to compliment our threshold drain range.

Can be connected both horizontally and vertically.

Includes end cap making it easy to control water flows, and debris trap for easy cleaning.
