

# Badby Shelter

## Galvanised Steel Frame – Galvanised Open Sided

138 204 614 – 2x3 Badby Shelter

The Badby shelter is a free-standing, open sided shelter designed for on site assembly, constructed from galvanised mild steel. Complete with Galvanised sheet roof, and side panels. Front-to-back curved roof.

Suitable as a **cycle shelter**. Width of 2m, with lengths from 1-5m, extension bays can be added to achieve the desired shelter length. Bolt down as standard.
