**CABLE MANAGEMENT** 

PICTURED: GD5X125 IN USE (TOP) GD3X225 IN USE (LEFT)

Checkers' Linebacker Cable Management offers the most extensive line of high performance cable/hose protection products in the world. These durable cable protection systems provide a safer method of passage for pedestrian traffic, vehicles and heavy duty equipment while protecting valuable electrical cables, cords and hose lines from damage.

To fit the needs of a wide variety of applications, we offer lidded models, drop over models, open top models, and low profile models constructed from all-weather polyurethane. We also offer rubber duct models for light applications.

- World's largest cable protector manufacturer
- Linebacker cable management systems are manufactured in the USA in Broomfield, CO
- We off extensive accessories, such as ADA/DDA compliant access ramps, protector bridges, 45 & 90 turns and end caps
- Polyurethane construction is lighter and more durable than rubber imitations in extreme weather conditions
- Universal safety colors alerting all type of traffic to the product's presence

- Satisfies state and federal regulatory agencies
- Customized solutions, including logos molded into the product
- Multiple channel options so each cable and hose can have its own dedicated channel
- Non-conductive material insulates and protects cords/cable, as well as people

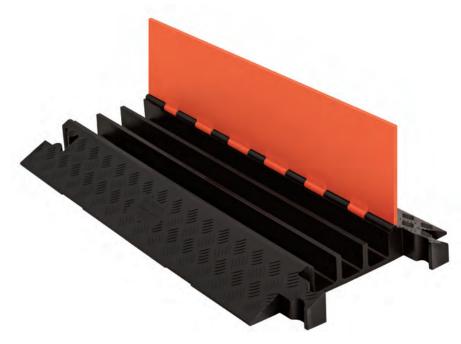

# **PRODUCT INFO**

### **GUARD DOG SERIES 3-CHANNEL CABLE**

**PROTECTOR** with hinged lid protects valuable electrical cables and hose lines from damage while providing a safer crossing for vehicle and pedestrian traffic. Modular interlocking design is ideal for use in amusement parks, entertainment venues, sporting events, and most public, commercial, industrial, construction, and utility applications.

# Material: UV Stabilized Polyurethane
