

V IAFIX: Instant Road Repair

Permanent, all weather, all traffic applications

Viafix is simple and easy to use even in wet and cold conditions and permanently reinstates utility cuts and ironwork surrounds on all classes of carriageway. Viafix offers skid and rutting resistance equivalent to that of hot materials without the delays, logistical issues and wastage associated with traditional surfacing products. Viafix will massively reduce spend, risk and congestion due to defects.

- One visit permanent fix
- Works in all weathers
- Hot material performance
- Solvent free

Image shows comparative performance of water activated Viafix versus a market leading solvent-fluxed cold lay material. The exceptional performance characteristics of Viafix make it the best option for reinstatements in all circumstances.
