## OPERATING INSTRUCTIONS

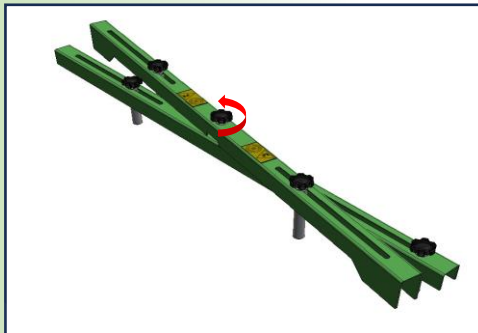

**sb** SWEETNAM &  
BRADLEY LTD  
SHEET METALWORK SPECIALISTS

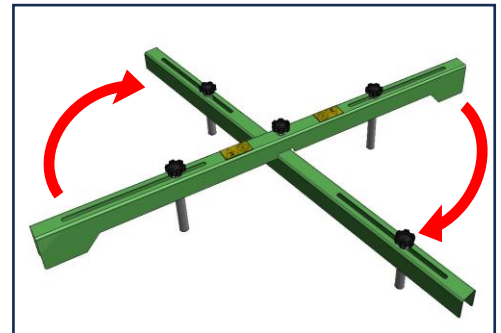

**1** Slacken the 4 No. location posts wheel bolts.

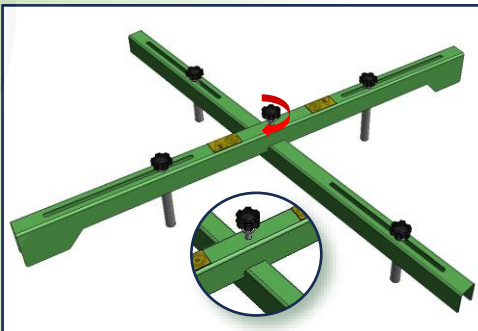

**2** Slide all 4 Location Posts toward the centre.

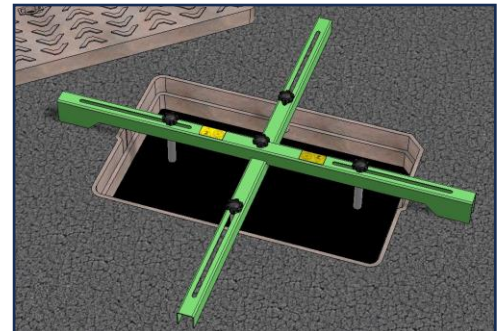

**3** Slacken the central wheel bolt.

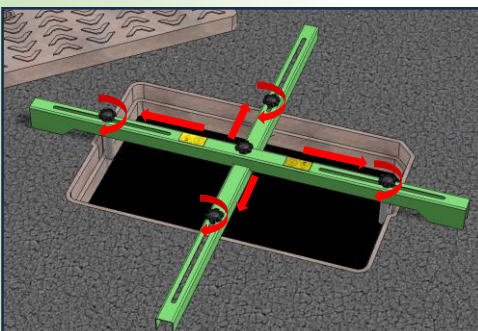

**4** Rotate the upper member to form a cross

**5** Ensure the cutout in the top member locates securely over the bottom member & tighten the central wheel bolt.

**6** Lower the Manhole Guardian™ into place over the open man hole. Ensure the Guardian is seated well on the ground.

**7** Slide all 4 Location Posts to touch the inside of the manhole frame and tighten the 4 wheel bolts.

### Note:

Manhole Guardian™ is not PPE as it is designed for multiple personnel use in the way a manhole cover is. All tests have been conducted in line with how the Manhole Guardian™ is used to ensure worker safety.
