

SafetyPro 300

LONG SPANS WITH FEWER BARRIERS

The SafetyPro 300 features a 16'/4.9m belt requiring only half the number of barriers than with the industry standard 7.5'/2.3m belt. With heavy gauge steel and a solid cast iron base the SafetyPro 300 is built to withstand the wear and tear of working environments. SafetyPro 300 can be quickly broken down and stored flat and its high visibility post colors and belt options make the "keep out" message clear.

Standard 7.5'/2.3m Belt

QueuePro 300 16'/4.9m Belt
