

HGV SURFACE MOUNTED TRAFFIC CONTROL PLATES

Plan view of road

- Suitable for both cars & HGV's
- Heavy Duty Chequer Plate, designed for high traffic areas
- Alternating black and yellow sections for added visibility
- Modular design to build ramp width as required
- Sophisticated in-built counter balance and heavy duty spring action
- Surface mounted – no need for drainage channel
- 8 no fixing holes per plate
- Quick and easy to install
