

## SECURITY SURVEILLANCE MIRRORS STANDARD AND LARGE FORMAT SECURITY SURVEILLANCE MIRRORS

VIALUX® offers a large choice of security surveillance mirrors, economical and particularly simple to install. Without a frame, they blend in perfectly with their surroundings. Effective in shop security as a deterrent to retail theft, or to monitor reception areas and corridors. Large format mirrors allow a perfect image even at 30 metres from the viewer.

### POLYMIR® OPTICS

Unbreakable, high quality, clear and sharp image, with no distortion. Anti-UV treated frames and optics to ensure longevity and protection.

### 2 DIRECTIONS

A convexity offering a 90° angle of vision, allowing users to survey the desired area.
