

Fin Cycle Stand Galvanised, Galvanised & Colour or Stainless

The VELOPA Fin Cycle Stand offers site owners a secure and stylish cycle stand that complements every architectural style. The hooped design allows cyclists to secure both the frame and wheel of their bicycle to the stand using their own security lock and is suitable for securing two bicycles.

Manufactured from galvanised mild steel as standard, the Fin is also available in galvanised and coated and stainless steel finishes; BS or RAL colour codes must be specified at time of order. The Fin Cycle Stand can be supplied ragged for casting into new concrete or flanged for bolting onto existing concrete.

| <u>Part Number</u> | <u>Description</u> | <u>Weight (kg)</u> |
|--------------------|-----------------------------------|--------------------|
| 138 515 195 | Galvanised - Concrete In | 9kg |
