

GFC9000

1000mm

Galvanised or Galvanised & Colour

The GFC9000 Ornamental Mild Steel Bollard from AUTOPA is suitable for a wide range of locations and purposes. Constructed using mild steel, then galvanised to ensure its longevity. Cap is welded onto the steel tube to complete the design.

Supplied concrete in as standard, bolt down and removable versions are also available.

The bollards are available in a galvanised and galvanised and coated finish (RAL numbers must be specified at time of order).

Eyelets, hooks and chains can be added to these bollards to complete the decorative effect.

Part Number	Description	Lift Weight (kg)	Weight (kg)
138 122 601	Galvanised - Concrete In		24kg
138 122 600	Galvanised & Colour - Concrete In		24kg
