

BZ1519

Snood

Versatile and insulating, this double-layered snood is designed for cold and freezing conditions. Made from a soft, durable polyester-VILOFT[®] blend for superior warmth and moisture control. Can be worn around the neck or pulled up over the nose or head as needed. Finished with contrast stitching for a sporty look.

KEY FEATURES

- Double-layer construction provides warmth for cold and freezing temperatures
- Designed to be worn around the neck and can be stretched up over the nose or back of the head
- Soft durable polyester blended with VILOFT[®] offers exceptional thermal and wicking performance
- Light blue contrast sewing thread
