

BZ1551

Short Sleeved Thermal Top

This close-fitting, short-sleeve thermal base layer is tailored for women and designed for freezing conditions. Made from a durable polyester-VILOFT[®] blend for exceptional warmth and moisture wicking. Flat seams enhance comfort, while light blue contrast stitching adds a sporty finish. Ideal for wearing beneath outerwear in sub-zero environments.

KEY FEATURES

- Close fitting thermal top
- Designed to be worn under outerwear to provide warmth and comfort in freezing cold temperatures
- Soft durable polyester blended with VILOFT[®], offering exceptional thermal and wicking performance
- Light blue contrast sewing thread for a sporty look
- Flat seams for extra comfort
- Tailored specifically for women
