CheckFire GROUP

DataSheet

With one of the widest ranges available on the market today, Commander is firmly established as a true market leader. Time has proved these portable fire extinguishers as a dependable choice for almost any situation, and reliable performance is guarenteed.

PRE-FILLED LOW FREEZE ADDITIVE FIRE EXTINGUISHER

COMMANDER®

As the cold weather sets in, water fire extinguishers in outdoor settings are at risk of their contents freezing - rendering them useless in the event of a fire. An anti-freeze extinguisher has an additive that means it can withstand low temperatures.

To help support you and your customers through the winter months, we can supply our Commander Fire Extinguishers prefilled with anti-freeze ready for you.

PRODUCT CODE
FX-WLF-006-DCF

PRODUCT GROUP
Commander® Extinguishers

DIMENSIONS (mm) (height x diameter)
FX-WLF-006-DCF: 531 x 162

WEIGHT
FX-WLF-006-DCF: 9.7kg

Technical Specification	FX-WLF-006-DCF
Capacity	6 litre
Fire Rating	13A
Extinguishing Medium	Demineralised Water
Working Pressure	14 bar @ 20°C
Temperature Range	-10°C to +60°C
Cylinder Material	Steel
Pressuring Gas	Nitrogen

- Plastic base for protection
- Corrosion-resistant finish
- Polyethylene internal lining
- Brass spray nozzle
- Full range of spare parts available
