Evo Recycled® Refill for EVO-SK400

Evo Recycled® Refill for the EVO-SK400, 400 Litre Yellow locker Spill Kit stocked with triple-loft oil preferential absorbent pads and absorbent socks made from recycled cotton fibres. Contents include a Plug Rug drain cover to protect drain from contamination, caution barrier tape and leak-sealing plugging compound, disposal bags and zip-ties, instructions and contents sheet.

Triple-loft, oil preferential absorbent pads made from recycled cotton fibres absorb over 25% more than standard polypropylene pads. Outstanding oil retention properties; oil stays in the pad during clean-up reducing floor contamination and the need for secondary cleaning. Ultra-low carbon footprint, high performance and environment friendly. For use on oil leaks and spills in the workplace for quick and efficient clean-up.

Suitable for use with:

- Coolant
- Antifreeze
- Oil
- Water
- Weak chemicals
- Solvents

EVO spill products provide a unique solution for companies pursuing higher ethical and environmental standards without compromising performance and value.

- Each product in the range is manufactured from recycled or sustainable material
- All EVO products are manufactured in Britain with a far smaller carbon footprint than the vast majority of Spill Control products produced overseas
- EVO poly-wrap & box packaging recyclable
