Leak Diverter Complete Kit - Yellow Tarp

The Leak Diverter hangs from the roof directly under drips and leaks and diverts water to a convenient collection point. The floor beneath stays dry, the risk of slips and falls is reduced whilst damage to goods and machinery is minimised.

Provides a temporary solution until permanent repair can be made.

Prevents damage to valuable stock and machinery.

Keeps water off the floor to avoid accidental slips and falls.

Reduces necessity to relocate goods and personnel.

Leak Diverter Kit Features:

- Heavy-duty waterproof fabric tarp
- Eyelets at 50cm intervals
- Central drainage point
- Takes standard UK Hozelock fittings
- Easy to hang from roof and ceiling fittings
- Hanging straps, 5 metre hose and hose fittings
- Strong water collection reservoir drum with handles made from recyclable material
