

Sector Vented

Safety Helmet

Hellberg Sector is a professional safety helmet designed to deliver reliable protection, comfort, and versatility. Its Dynamic Cradle System (DCSTM) ensures an optimal fit, while the advanced ventilation and adjustable headband maintain comfort throughout the day.

The Sector helmet is compatible and certified with hearing protectors, visors, and other accessories, making it a dependable choice for users who value safety, durability, and ease of use.

Features

- Optimal fit with Dynamic Cradle System
- Superior ventilation and comfort
- Wide range of accessories

Ratchet Adjustment Wheel

Dynamic Cradle System

Perfect Fit with Hearing Protectors

Enhanced Ventilation

4-Point Chinstrap

Integration with Face Protection

Impact Resistant

Customizable Branding

Ratchet Adjustment Wheel

Achieve perfect fit with the ratchet wheel adjustment feature, ensuring a secure and snug fit for maximum safety and comfort during extended use.

Dynamic Cradle System (DCS™)

The unique design adapts naturally to your head for a perfect fit and superior comfort.

Adjustable Headband Fit

The headband adjusts vertically and horizontally, allowing a customizable balance and perfect fit, whether positioned high or low.

Perfect Fit with Hearing Protectors

The Sector helmet offers a perfect fit with all Hellberg hearing protectors. It keeps the earcups centered and clear of the helmet headband and chinstrap, minimizing noise leakage.

Enhanced Ventilation

The ventilation layout, combined with the DCS system, enhances airflow around the head and efficiently dissipates more heat compared to traditional styrofoam designs.

4-Point Chinstrap

The chinstrap keeps the helmet secured on the head without interfering with hearing protectors. Quick and easy size adjustments and magnetic buckle with one-handed opening and closing, confirmed by a click.

Accessory Eye Protection

Short visors that easily mount to the helmet and offer both in-use and parked positions. They are available in two lens options: clear and blue mirror.

Integration with Face Protection

Compatible with all Hellberg face shields and visors. The unique system lets you mount any Safe visor to the helmet, with or without hearing protectors.

ABS Shell for Long Service Life

The robust ABS material and proven helmet design ensure durability and consistent protection in demanding environments.

Customizable Branding

Enhance your corporate identity with your company logo and reflective color decals, adding a personalized touch to your helmet for improved visibility and brand recognition.
