

Visor

Nylon Mesh Visor

The nylon mesh visor protects the wearer from large dust particles and abrasion and gives a comfortable airflow. The visor is approved to low impact and is suitable for applications such as forestry work and grass/bush trimming. It is designed to be combined with any of the Hellberg Safe carriers.

Features

- Light transmittance of up to 55%
- Suitable for forestry and gardening

1. 20923-001 Nylon Mesh Visor

Features

Uniform visor design

All Hellberg visors follow the same shape and design, allowing any visor to fit any visor carrier. This makes it easy to swap between different visors for different work tasks without needing to change the carrier.

Quick and easy visor assembly

The face protection system mounts easily to any Hellberg hearing protector as well as safety helmets and stand-alone visor carriers. And it is as easily removed, perfect for when you are switching between different work tasks in noisy environments.
