

Xstream MP

Multi-Point Bluetooth® technology.

Hearing protection with Multi-Point Bluetooth® technology for phone calls and music streaming. Xstream MP lets you pair two phones at the same time, for example a work phone and a private phone. The sound quality has been enhanced even more in comparison to the models Xstream and Xstream LD, the battery life is extended to 80 hours, and the noise-cancelling boom microphone, now included, allows clear communication even in extreme noise environments.

USB charging

Boom Microphone

Wideband/HD-Voice

Multi-Point Bluetooth® Technology

Bluetooth® offers wireless connection to your mobile phone. Easy set-up and seamless connection. Make phone calls and stream your choice of sound entertainment without ever needing to compromise your safety. Multi-point technology lets you pair two phones at the same time. Perfect when you need to use both a work phone and a private phone, for example using one to stream music and the other to receive calls.

Designed for music listening

Developed with music listening in focus. The excellent sound quality is achieved with a patented speaker design that allows you to enjoy headphone-class music listening in a hearing protector.

Level Dependent Active Listening

Level-dependent microphones with Active Listening functionality in each ear cup lets you stay alert to your surroundings while still wearing your hearing protection. Communicate with your colleagues and hear warning signals and other important sounds without ever compromising your safety and hearing.

Noise cancelling boom microphone

The noise-cancelling boom microphone allows clear communication even in extreme noise environments. It is flexible and easy to move out of the way when not in use.

Waterproof to IPX4

Tested and approved to IPX4, meaning that you can use the product in heavy rain.

Push button controls

Ergonomically designed rubber coated push buttons. Easy to find and operate even when wearing gloves.

Voice assistant support

Supports Apple Siri and Google Assistant. Activate the function and control the music playback or phone call with your voice.

Wideband/HD Voice support

Features Wideband Audio technology or HD Voice, which enhances telephone audio quality (if supported by your network operator).

USB charging

Batteries are quickly charged with the included USB charging cable. Just plug it in to a USB source or use your mobile phone wall socket adaptor.

Battery power-safe function

Automatically shuts off the unit after a period of inactivity. Helps to avoid draining the battery if you forgot to turn it off at the end of the working day.

Automatic Bluetooth® Connection

After the first pairing, the headset will automatically connect to the last paired phone when switched on.

Technical data

- Operation temperature: -20/+55 (50-77°F)
- Battery type: Li-Ion
- Run-time: 80 hours
- Bluetooth® version: 4.1, A2DP 1.2, HSP 1.1, HFP 1.6
- Criterion level EN 352-4 H=109 dB, M=106 dB, L=94 dB
- Weight Headband: 410 g/ 14.46oz
- Weight Cap/Helmet Mount: 440g/15.52oz
