

P3-A

Manufactured to EN13236

DESCRIPTION:

The P3-A asphalt blade strikes a good balance between cost and performance. PDP's field testing team were surprised this was an entry level priced blade. Drop segments on all sizes ensures protection against undercutting when sawing through asphalt and abrasive materials.

FEATURES:

- Laser welded
- Drop segments for undercut protection

MACHINE SUITABILITY:

Hand held saws, table saws and floor saws.

STANDARDS:

EN13236: European Standard that regulates the safety requirements for super abrasive (diamond) products.

DIAMOND BLADE TIPS:

- Make certain the blade is suitable for the material before cutting.
- Guide the blade straight into the material
- Do not use unnecessary pressure, the weight of the machine is sufficient.
- Carry out a slight forwards and backwards pendulum movement when cutting

PART NO. DIMENSIONS

DP15050	300 x 2.8 x 10 x 20mm (12")
DP15055	350 x 3.0 x 12 x 25.4mm (14")
DP15058	400 x 3.0 x 10 x 25.4mm (16")
DP15060	450 x 3.6 x 10 x 25.4mm (18")
DP19050	25.4mm to 20mm (Reducing bush)

PACKAGING DETAILS:

Full colour corrugated cardboard box.
