

**SitecopPlus 10-20mph
Speed Bumps**

Designed to be less severe and suitable for HGV's, SitecopPlus is ideal for residential, retail, distribution and infrastructure sites.

- ▶ Quick and easy to install and can be swiftly relocated
- ▶ 'Soft' feel compared to other materials providing 'quiet' speed reduction
- ▶ Distinctive high visibility yellow markings moulded into the product
- ▶ Modular design with middle units 500mm wide and matching end units 250mm wide
- ▶ For strength and alignment each style requires a reinforcing tube
- ▶ Recycled product made in the UK

	Middle	End
Height (mm)	70	70
Length (mm)	1000	1000
Width (mm)	500	250
Weight	25.0	8.0
