

## DYNAMO

ART. SG10225

Solid Gear Dynamo is a unique combination of a shoe designed for trail as well as running. The complete ETPU midsole provides optimal comfort and rebound. The stability comes from the character of a trail shoe, with a special board construction for control of the flexing. The rubber outsole is developed to offer superior grip, and despite the lightweight of the outsole, it also contributes to the stability. The CORDURA® ripstop upper combined with the BOA® Fit System gives a great fit and feeling. Dynamo uses the specially developed high rebound OrthoLite® insole mainly made of recycled materials. Antistatic, oil resistance and anti-slip are all features of the rubber outsole that enables the Solid Gear Dynamo to be certified according to EN-20347:2012. ESD function according to EN IEC 61340-4-3:2018.

Complete ETPU midsole for endless cushioning  
Mud guard  
BOA® Fit System on collar construction  
Highly breathable PU foam footbed from OrthoLite®  
Lightweight ripstop upper  
Upper: CORDURA® ripstop Lining: Mesh  
Outsole: Oil and slip resistant rubber  
Midsole: ETPU  
Footbed: PU foam with highly breathable recycled materials  
Function: BOA® Fit System  
Fit: Normal  
Sizes: 35-48  
Safety standard: EN ISO
