

## REVOLUTION 2 GTX

ART. SG76010

Revolution 2 GTX integrates the complete ETPU technology together with GORE-TEX®. The shoe provides cushioning and comfort for endless hours of walking while reducing pressure. The lightweight CORDURA® together with GORE-TEX® Stretch Technology provides an amazing feeling in terms of fitting and breathability while keeping your foot dry. Comes with speed lacing as well as with normal laces, which enables you to customize to your preference. By the end of the day, you will have a completely different feeling in your feet and body, compared to using traditional safety shoes. Stabilizing heel counter made with collected ocean waste such as fish nets. To provide optimal protection without sacrificing comfort and sustainability, Revolution 2 GTX uses the specially developed high rebound OrthoLite® insole mainly made of recycled materials. ESD function according to EN IEC 61340-4-3:2018.

ETPU midsole for endless cushioning  
GORE-TEX® Stretch Technology
