

# ZND SMARTWELD 2.3m Crowd Control Barrier

## PRODUCT INFORMATION

The ZND SMARTWELD steel **crowd control barriers** offer a cost effective method of controlling large groups of pedestrians and spectators. Available as standard in three colours, plain zinc, red, and white, we also have the option to powder coat the barriers in a custom colour. There are many accessories for these barriers available, including stillages that assist with the transport of the barriers.
