## Autopa Stealth Parking Post

These instructions must remain with the product to ensure correct installation. Extra copies are available to download at [starttraffic.uk](http://starttraffic.uk)

### Product details

660mm above ground (post raised)

835mm x 220mm x 95mm  
(Socket; Length x Width x Depth)

64mm outside diameter galvanised steel tube body  
Plastic cap.

18kg

### Installation & use

It is recommended that posts are placed no further than 1,200mm apart to ensure no vehicle may pass between the raised posts.

An excavated hole of approximately 100mm deep, 1,200mm long and 400mm wide is required for installation.

The area surrounding the installation must be flat and level with no nearby surface irregularities or gradient changes.

Care must be taken to ensure the circular base recess is kept clear of cement and any other debris during installation and use.

This product is guaranteed for 12 months (if installed and used correctly).
