

START SAFETY

- For Indoor and Outdoor use
- Strong steel protection
- 'One way' assembly
- Isolates column from impact shock

TRAFFIC-LINE Column Protectors

These highly versatile Column Protectors provide strong protection for vulnerable columns, exposed pipework etc. against damage by motorised transport.

Easily installed by sliding the cross members into each other and bolting to the ground through the pre-drilled base plates.

Many uses around warehouses, logistics depots, street posts and trees, factories, public buildings and spaces etc.

Specifications:
 Tube: 60 mm/48 mm Ø
 Wall thickness: 2 mm
 Fixing plates: 160 x 70 x 10 mm
 (Pre-drilled 4 holes)

Finish:
 Indoor use only:
 Powder coated yellow

 Indoor and Outdoor:
 Hot Dip Galvanised.
 Hot Dip Galvanised and powder coated yellow with black bands.

 Standard product is surface mounted with bolts. Sub-surface adapter plates available for root fixing.
