

**Model:** BEN

**Protection Class:** S3 SRC CI ESD

**Article:** RV20024

**EU Regulations:** EN ISO 20345:2011

### DESCRIPTION

S3 SRC CI ESD protection class water-repellent safety shoes with soft nubuck-effect microfibre.

These low-cut safety shoes, with a lightweight AirToe Aluminium toecap, feature a new generation ultra-light PU compound sole that is abrasion-resistant, oil-resistant, non-slip and anti-static.

The brand new perforation-resistant system, consisting of a puncture-resistant textile insole, makes this style of safety shoes lighter than traditional models. In fact, the use of highly innovative materials for the construction of the sole and the perforation-resistant system, together with the aluminium toecap have allowed a considerable reduction in the overall weight of work footwear to the benefit of worker's wellness and performance.

Safety shoes with special protection of the sole from the cold, ideal for: electricians, carpenters, craftsmen, warehouse workers, and the transport and logistics sectors.

Foot comfort and health guaranteed by the U-Power Original insole in lightweight, comfortable and breathable polyurethane compound, and the air tunnel lining that ensures air circulation.

Safety shoes suitable for men and women.

#### UPPER

Nubuck-effect, water-repellent microfibre

#### LINING

Wingtex® with breathable air tunnel

#### SAFETY TOE CAP

AirToe Aluminium

#### PIERCE-RESISTANCE

Save & Flex Air
