

**Model:** GRAMPIAN

**Protection Class:** S3 SRC CI ESD

**Article:** RL10554

**EU Regulations:**

EN ISO 20345:2011

## DESCRIPTION

Grampian is a model of work footwear in S3 SRC CI ESD standard protection with soft full-grain leather upper resistant to water and protective, ideal for use outdoors and in a humid environment.

Mid-cut work shoes with Infinergy® insert secure an energy return of over 55% more with each step, improving performance and general well-being during the working day.

The PU / PU sole is anti-slip, anti-oil, anti-abrasion and anti-static and provides a special protection from the cold (A temp. ≤ 10 ° C).

The lightweight aluminium Airtoe® toecap ensures foot protection, while the presence of the Save & Flex Plus anti-perforation system totally "Metal-Free" provides 100% protection of the foot surface.

These comfortable and water repellent safety shoes with WingTex air tunnel lining ensure high breathability and antibacterial, anatomic and shockproof given by the WOW Gel insole. The polyurethane and soft gel insole lifts the heel and protects the foot from minor bumps and pressures, adapting perfectly to the shoe.

The Grampians are Men's boots for work ideal for carpenters, bricklayers, gardeners and farmers, gas station attendants, mechanics, tire specialists, electricians, welders, and warehouse workers, trucking and logistics, craftsmen, and house painters.
