

Model: GRANT

Protection Class: S3 SRC CI ESD

Article: RV10204

EU Regulations: EN ISO 20345:2011

DESCRIPTION

High-top safety shoes with light aluminium Airtoe® toecap and new generation abrasion-resistant, oil-resistant, non-slip and anti-static PU compound sole.

Ultra-light safety footwear with soft Nubuck-effect micro-fibre upper, water-repellent in protection class S3 SRC CI ESD. Non-slip sole with extra protection against the cold ($\leq 10\text{ }^{\circ}\text{C}$), ideal for: electricians, carpenters, artisans, warehouse workers, the logistics sector and transport.

The innovative materials used for this safety footwear makes the work shoes lighter. The new-generation sole, Save & flex Air anti-puncture system and the new U-Power Original footbed have significantly reduced the weight of work shoes, without compromising safety, thus benefiting the worker's well-being.

Comfortable and highly breathable work shoes with WingTex air tunnel lining suitable for both men and women.

UPPER

Nubuck-effect, water-repellent microfibre

LINING

Wingtex® with breathable air tunnel
